#### Dealer Comments

Glacier Silver Metallic 2015 BMW 2 Series 228i RWD 8-Speed Automatic Sport 2.0L I4 16V TwinPower Turbo ONE OWNER.23/34 City/Highway MPG Awards: \* JD Power Initial Quality Study (IQS) \* 2015 IIHS Top Safety Pick+Buy with confidence! All of our vehicles are put through a rigorous inspection and are fully reconditioned. Reviews: \* Impressively quick yet fuel-efficient with either engine; excellent handling; supple ride; high-quality, feature-rich interior. Source: Edmunds \* Introducing the newest and one of the most seductive additions to the BMW lineup, the 2 Series Coupe. An alluring exterior design highlights its sporting prowess, muscular agility, and most importantly, makes it stand out from its rivals. The 2 Series comes with the choice of two different engines. In the 228i there is a 2.0L TwinPower Turbo generating 240hp and 255 lb-ft of torque at just 1250rpm. Matched with the 8-speed Sport Automatic the 228i goes from 0-60 in just 5.4 seconds. The M235i features a 320hp M Performance 3.0-liter inline six-cylinder TwinPower Turbo engine that boasts a maximum torque of 330 lb-ft between 1,300-4,500 rpm launching from 0-60 mph in 4.6 seconds. The Auto Start-Stop function switches off the engine when the vehicle is stationary and the driver engages the brake and as soon as the driver's foot leaves the brake pedal, the engine starts up again. With Parking assistant the 2 Series will scan for parking spots and when one is found it is shown on your control display. Shift into reverse and Parking Assistant takes control of steering your vehicle into the selected space; all you have to do is operate the accelerator and brake pedals. The new iDrive 4.2 operating system features a touchpad controller and 8.8-inch display screen. This takes the Navigation system to the next level with state-of-the-art technologies such as real-time traffic data. The available Track Handling Package adds Variable Sport Steering, Adaptive M Suspension, and M Sport Brakes together with specifically designed non run-flat Michelin Pilot Super Sport performance tires. The camera-based driver assistance system consists of Lane

Departure Warning, Frontal Collision Warning/City Collision Mitigation, and Pedestrian Warning. Source: The Manufacturer Summary
